

# Chemistry Learning Center

## General Chemistry Student Resources

### Help Desk

The General Chemistry TA/FA/UA Office is in Room 1201 Chemistry (1<sup>st</sup> floor near the elevators), and is also where the **Help Desk** is located. The Help Desk provides drop-in help Monday-Friday for Chem 103, 104, and 109. Please check with your instructor for when the Help Desk is available for your course. Closed for fall and spring, 2020-2021; available online; please check with your individual course for times.

### Instructor's Office Hours

Instructors have office hours available to assist students enrolled in their course. These will be announced at the beginning of the semester.

### AXΣ

Alpha Chi Sigma (AXΣ) is a co-ed chemistry fraternity that offers chemistry tutoring, and is located at 621 N. Lake St. View the website at: <https://academicsupport.wisc.edu/alpha-chi-sigma/> for more information. May only have remote access for fall and spring, 2020-2021.

### Residential Hall Tutoring Services

Drop-in chemistry tutoring is available to residential hall students. Check their web site for locations and hours: <https://www.housing.wisc.edu/residence-halls/academics/tutoring/> May only have remote access for fall and spring, 2020-2021.

### GUTS

Greater University Tutorial Service (GUTS) provides tutoring in a variety of disciplines (e.g., math, chemistry, physics, etc.) and formats. Visit their web site at <https://guts.wisc.edu/di/tutee/> to find information on drop-in tutoring hours and locations. Visit their web site at <https://guts.wisc.edu/am/tutee/> to find information on academic match tutoring. To sign up for other tutoring services, visit their office in room 4413, Student Activity Center (SAC), contact them at 263-5666, or visit their website, <http://guts.wisc.edu/> May only have remote access for fall and spring, 2020-2021.

### UWPLA

UW Peer Learning Association (PLA) is a student organization that facilitates students-working-with-students in small student-facilitated study groups in many courses. They work *with some, not all, General and Organic Chemistry lecture sections*; please visit their website (<https://win.wisc.edu/organization/pla>) for more information. May only have remote access for fall and spring 2020.

### College of Engineering ULC

The College of Engineering Undergraduate Learning Center (ULC) provides drop-in tutoring for Chemistry 103, 104, 109, 343, and 345 students along with math, physics, and engineering courses on the 4<sup>th</sup> floor of Wendt Commons. For more information visit: <https://www.engr.wisc.edu/academics/student-services/ulc/> May only have remote access for fall and spring, 2020-2021.

### Paid Tutors

The UW Chemistry Department posts a list of private tutors available for hire each term. This list is usually available by the *second* week of classes. The list can be found at: <https://chem.wisc.edu/academic-support/>

### Chemistry Learning Center Resources

The Chemistry Learning Center (CLC) posts Chemistry 103, 104, and 109 resource sheets on the CLC website on the Resources page (<https://clc.chem.wisc.edu>).

### Other Questions

The Undergraduate Chemistry Office in room 1328 (1<sup>st</sup> floor) can help you with many other questions ("How do I switch sections?", "Am I in the right chemistry course?", etc.).
